

# FIGHT STRESS WITH HABITS

#### 1. Slow down.

Plan ahead and allow enough time to get the most important things done without having to rush.

#### 2. Snooze more.

Try to get seven to nine hours of sleep each night. To fight insomnia, add mindfulness and activity.

#### 3. Let worry go.

The world won't end if a few things fall off of your plate. Give yourself a break and just breathe.

#### 4. Laugh it up.

Laughter makes us feel good. Don't be afraid to laugh out loud, even when you're alone.

#### 5. Get connected.

A daily dose of friendship is great medicine. Make time to call friends or family so you can catch up.

# 6. Get organized.

Use "to do" lists to help you focus on your most important tasks and take big projects one step at a time.

# 7. Practice giving back.

Volunteer your time or spend time helping out a friend. Helping others helps you.

# 8. Be active every day.

Exercise can relieve mental and physical tension. Find something you think is fun and stick with it.

# 9. Give up the bad habits.

Too much alcohol, tobacco or caffeine can increase blood pressure. Cut back or quit to decrease anxiety.

# 10. Lean into things you can change.

Make time to learn a new skill, work toward a goal, or to love and help others.
